

Geography Field Trip at Gangani Badland, Garbeta in the district of Paschim Medinipur, West Bengal on 10th November, 2022

Field work enables students and researchers to examine the way scientific theories interact with real life. Field survey is an integral part of any social science discipline. As geography is also an important and emerging social science discipline, therefore field survey is also essential part of geography. Problem based field work is a part of under B.A. /B.Sc. Semester-V Honours and General (Geography) syllabus of The University of Burdwan.

For that purpose we the teachers, laboratory attendants and students of 5th Semester honours and General went to Gangani Badland, Garbeta in the district of Paschim Medinipur of West Bengal on 10th November, 2022. The team member consisted of 19 Honours and 3 General students, 5 teachers (Srabani Bose, Jhantu Mondal, Sukanta Das, Kiran Kumar Roy and Koyel Sam), 1 laboratory attendant (Ashok Chakraborty) of the Department of Geography, Dr. Bhupendranath Dutta Smriti Mahavidyalaya, Hatgobindapur, Burdwan.

The journey started at 6.30 am on 10th November, 2022 by reserve bus and the team arrived Gangani at 11.00 am. After breakfast we started survey at badland area students observed the real badland area and its different landforms in whole day. They understand the process of badland and realize the actual causes of landforms formation under the mechanism of badland environment. They identified different badland landforms with the help of teacher and they learn how to manage badland areas like Gangagani. During Survey student's uses photography, video recording for record the features of the area. They use GPS for locate the areal identity of the region. Students enjoyed a lot by seeing the view of physical landscape of the region. This area is well known for Grand Canyon of West Bengal for its physical beauty therefore, students have gathered several geographical knowledge including physical and economical. We completed our tour successfully. It was the endeavor and co-operation of our teachers, lab attendants and team mates that made our educational tour a fruitful one.
