Best Practice – 1

Endorsing Environmentally Sustainable Campus

Kabiguru Rabindranath Tagore wrote about “Viswavara praan” with the wonderful existence of man in the midst of it. However, indiscriminate exploitation of natural resources has ripped apart the “Vasundhara”. The need to rejuvenate Mother Earth is the need of the hour for human existence. Environmentalists are in opine of human responsibility to conserve natural resources and save global ecosystems to support health and wellbeing of the present and future generations. Dr. Bhupendra Nath Dutta Smriti Mahavidyalaya contributes to this endeavour in its own way.

Objective

1. To preserves indigenou and medicinal plants
2. To promote Green Campus
3. To spread awareness to attain environmental sustainability
4. To promote alternative sources of energy.

The Context

We are in the millennium of high levels of pollution and environmental damage. We have felt its revenge effects through scourging impacts ranging from disastrous pandemic to may deadly diseases. To outwit such events we have to provide relieving environment which will help to cater soothing atmosphere to all the communities of the college.

The Practice

The college observes various programmes throughout the year to promote Green Campus. Plantation Programme is carried out in the wet months. The college projects itself as a Tobacco Free and Plastic Free Zone. The college also treasures few indigenou plant varities in the campus ranging from *Palash, Krishnachura, Mahogany, Jarul, Segun, Arjun, Neem, Chatim, Mahuya, Chandan (Sandal), Aloe vera, Mango, Jaam (Berry), Rose Berry, Chalta to Ulatkambal* and others. The

field in the core of the campus is a carpet of greenery with a pond adjacent to it. The institution also has Solar Panels, which is 48 in numbers. The setting up of such panels have helped a lot in reducing the cost of electric consumption on one hand and also promote the use of alternative power resources. The excess of the power gets transferred to the State Power Grid which helps to reduce the electricity bill of the institution.

Problems Encountered

The promotion of Environmentally Sustainable Campus is the need of the hour. The problems encountered in its implementation is the lack of awareness especially to the outsiders of the campus. However, the problems regarding our students are generally addressed through regular monitoring.

Best Practice – 2

Promotion of Football Academy for the Local Children through Supporting Materials

The playground of Dr. Bhupendra Nath Dutta Smriti Mahavidyalaya has an appealing effect of showing sporting activity. It attracts children from local as well as distant areas to play especially in the afternoon.

Objective

- Promotion of health of the local children
- Encouraging appeal to the new generations
- Affectionate bonding building with the local people
- Preparation of good football player for the college.

The Context

Swami Vivekananda, the great spiritual leader talked about the importance of football playing for building the nation through strong and healthy physique. Through the building endeavour of such physically fit and mentally sound sports person, we have to choose them keeping in view of the high track record of the college.

The Practice

The Practice session has been commencing in every afternoon especially from 4 P.M. in winter session (November – February) and from 5.00 P.M. in summer months (March – October). Our teachers provide them the essential techniques apart from providing material support to be a skilled player in future. A High Mast with 4 sided facing high voltage lamps has already been sanctioned in the block level to illuminate the entire playground apart from focussing the whole campus. A proposal of solar panel light will certainly lighten all the near and rear corners of the ground as well as the entire college premises.

Evidence of Progress

A good number of players regularly go through the signing in the reputed state level clubs. They do perform well and even participate in Inter-state Football Competition. Our team was champion in All

India Reliance Cup Inter College Football Tournament in 2019 – 2020. We are also the University Champion in 2021 – 2022 in football.

Problems Encountered

Due to paucity of funds, we were not able to renovate the football ground which make the ground into unusable one in the rainy season. Although we are in keen contact with the Govt. Departments to allocate funds from them for this purpose.
