

## Programmes Organized by the Department of Geography

### 1. Orientation Programme - 2023 and Parent Teacher Meet:

An Orientation programme and Parent Teacher Meeting was held on 29.08.2023, Tuesday at 11:30 AM. The motto of our department is always to focus on overall development of student from the beginning. So, every year Department of Geography has organized Special Orientation Programme specially for the student of Semester-I, but other semester's student were also attend this programme. All departmental teachers were share their opinion and guide students on learning and development. Around 67 students and teachers were attend this programme successfully. After end of this Programme a parent-teacher meeting was also held to do a face to face discussion about individual students of Semester-I. Teachers gave suggestion to the parents about special care to the student during this adolescence period.

### 2. Observation of Earth Day 2024:

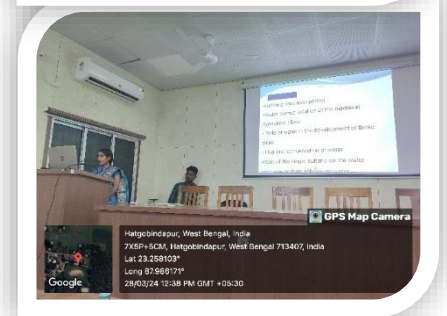

Earth Day is an annual event celebrated in 22<sup>nd</sup> April to raise awareness about environmental issues such as pollution, deforestation, climate change and endangered species. On that day our department was also celebrate The Earth Day, 2024 and Dr. Somasis Sengupta was invited as a speaker. He is an Assistant Professor of Geography, The University of Burdwan. He was delivered a lecture on “Understanding Climate Change and Impact on Flood: Role of Geomorphology”. Our honorable speaker discussed about the unavoidable truth of climate change systematically and its impact on flood. Finally, role of geomorphology was also traced out to evaluate the events of flood. It was a successful event, around 76 participate attend this programme, students asked some quires related to climate change and flood. Earth Day has great significance as it encourages individuals,

communities, and governments to take action to preserve and protect the Earth's natural resources.

### 3. Observation of Water Day 2024:

The world Water Day is an annual United Nations observance day held on 22<sup>nd</sup> March focusing on the importance of freshwater and the Department of Geography was also celebrating this observance day. The theme for World Water Day 2024 is "Water for Peace" and it reminds us of the critical role this essential resource plays in fostering cooperation. Our honorable Principle Sir Dr. Amal Kumar Ghosh delivered his insights on water and its past, present and future importance. The student of 6<sup>th</sup> semester was prepared presentation on different aspects of water and presented individually on that day. Altogether 63 members were present in this observance day.

### 4. Orientation Programme 2024:

Another Orientation programme was held on 13.08.2024, at seminar room of Dr. B.N.D.S. Mahavidyalaya. From the beginning our department is always to focus on overall development of student. As like previous year Department of Geography has organized an Orientation Programme specially for the student of Semester-I. The teachers share their experiences of teaching with Semester-I and guide them thoroughly on learning and development. Our departmental strength and weakness was told and as a student of Geography what kind of prior knowledge are required and methods to do practice for betterment were also discussed by teachers.

## 5. Observation of Mountain Day 2024:

International Mountain Day, celebrated since 2003 through FAO, creates awareness about the importance of mountains to life, highlights the opportunities and builds alliances that will bring positive change to mountain peoples and environments around the world. “Mountain solutions for a sustainable future – innovation, adaptation and youth” is the theme of this year's International Mountain Day on 11<sup>th</sup> December, 2024. On that day Department of Geography was organized a programme to celebrate this day at seminar hall of the college. Students were actively participated in this programme and delivered their presentation on different themes on mountain ecosystem.
